   a. Vince
      i. Concerns: that the sometimes the main and middle pool are not open on weekends.
         1. The middle pool is sometimes open a little later once all the lifeguards are on duty.
      ii. Why does the lifeguard training have to be done while open.
         1. We do training and drills both before we open and while we are open to ensure our lifeguards are always prepared. Safety is the number one priority.
      iii. Thinks the managers should be walking the grounds more. Vince thinks that the lifeguards are talking while in chair and if the managers were walking around they would see that.
      iv. July 4th should have more events going on. He thinks there should be things for both adults and children to do.
         1. We have a Family Day that we hold all the events Vince was mentioning.
   v. Members ask basic questions and the staff doesn’t know the answers.
      1. The hours are posted.
      2. Swim meets are posted on the website,
vi. Swim meet teams stayed after the meet was over and they were not members.

vii. Thunder/Lightening Policy-why do they need to leave now.
1. The new policy is state mandated; patrons must leave the facility and not stay under the pavilion.

viii. Staff park in the front spots when the handicap and elderly should be allowed those spots.
1. At opening most of the front spots are the swim lesson families not the employees. Patrons do parking in the reserved parking spots for the commissioners.

ix. Wants the pool to open earlier.
1. We hold swim lessons before the pool opens to the public along with some other camps that rent the facility.

x. The kiddie pool is dirty around the edges.
1. The kiddie pool is cleaned daily in the mornings. We will check watch.

xi. The lifeguards are running to their posts at opening and should already be in place.
1. We open the gate a few minutes early so people can start walking in and getting set up. The guards are in place at the official opening time. In this case we will wait to open the gate at opening and not before.

xii. Lifeguards talking while on post.
1. The lifeguards will be spoken to again to ensure they do not talk while in chair.

xiii. The bathroom is dirty and there’s water on the ground.
1. We will have the staff check the bathroom more frequently and the cleaning company comes in at night. The water on the ground is common.

b. Linda Gammon
   i. Lifeguards and staff this year are GREAT!
   ii. Kids play on the steps and she would like the lifeguards to be more attentive to this.
   iii. Requests to reinstitute aerobics class in the intermediate pool, run about 45 minutes and only on weekdays.
       1. Knows someone, Dawn that would be interested in teaching it.
          a. Commission would need the instructor to be certified in exercise or personnel training.
   iv. Would like a bigger clock for the outside.
   v. Speakers in the back so they can hear announcements.
       1. Would need to see what can be done since we cannot run wires out there; look into wireless.
   vi. Opening late because of the swim meets.
       1. We only have a few home meets and its usually only a half hour delay but we will ask to start the meets earlier to finish on time going forward.
   vii. Thinks that the pool revenue is going to the town and not back into the pool.
       1. Guy Picone explained that this is not happening and explained how the being a utility works.
